RENEWED PETITION UNDER 37 C.F.R. §§ 1.47(a) and 1.42

Mail Stop PCT
Office of PCT Legal Administration
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Assignee of All Invention Rights (hereinafter "Assignee") submits this petition requesting that the Patent & Trademark Office accept the present application for examination without the signature of inventors Changhee Min, Byung Hyune Choi and Hyun-Ho Chung for the reasons that follow.

Atty. Dkt. No. SDUC1100J-1
(041673-3109)

In support of this petition, Assignee submits that:

1. With respect to Inventor Goodman (now deceased), provided herewith is a declaration listing all six inventors executed by his legal representative as required under 37 C.F.R. § 1.42.
2. With respect to Inventors Min, Choi and Chung, Assignee has been unable to obtain their signatures in spite of numerous attempts to obtain their signatures without success, as evidenced by the Declaration of Kristine Cole provided herein.
3. With respect to the declarations executed by Churl Min Seong and Guido Harms, even though seven names are listed thereon, only six inventors are named. The inadvertent duplicate listing of Inventor Min does not change the fact that all of the six inventors of the subject application are identified; providing proper inventorship of the application. Therefore, Assignee submits that the declarations of Inventors Seong and Harms are proper despite the typographical error.
4. A grantable petition under 37 C.F.R. 1.47 (a) further requires 1) a fee under 1.17(h), 2) proof of pertinent facts that the inventor refuses to sign after being presented with the application papers or cannot be reached after diligent effort, 3) a statement of the last known addresses of the inventors, and 4) an oath or declaration. As noted in the Decision on Petition dated August 2, 2006, items 1 and 3 have been satisfied because they were provided in Applicants' Petition Under 37 C.F.R. § 1.47(a) filed January 17, 2006. The remaining items are provided herein along with a fee for extension of time.
5. Assignee respectfully submits that all requirements under 37 C.F.R. §§ 1.42 and 1.47(a) have been satisfied and requests that the petition be granted.

Atty. Dkt. No. SDUC1100J-1
(041673-3109)

The Commissioner is hereby authorized to charge any additional fees which may be required regarding this application under 37 C.F.R. §§ 1.16-1.17, or credit any overpayment, to Deposit Account No. 50-0872. Should no proper payment be enclosed herewith, as by a check or credit card payment form being in the wrong amount, unsigned, post-dated, otherwise improper or informal or even entirely missing, the Commissioner is authorized to charge the unpaid amount to Deposit Account No. 50-0872. If any extensions of time are needed for timely acceptance of papers submitted herewith, Applicant hereby petitions for such extension under 37 C.F.R. §1.136 and authorizes payment of any such extensions fees to Deposit Account No. 50-0872. A duplicate copy of this Petition is attached.

Respectfully submitted,

DECLARATION OF KRISTINE COLE

I, Kristine Cole, hereby declare that:

I am a patent analyst in the Technology Transfer and Intellectual Property Services Office at the University of California, San Diego (UCSD), one of the assignees of the above-identified application. One of my job responsibilities is to coordinate obtaining inventor signatures on formal documents for patent applications filed on behalf of UCSD.

The above-referenced application is the U.S. National Stage of PCT International Application No. PCT/US2003/022772, based on Provisional Application No. 60/397,319, filed July 19, 2002. During 2003, after the PCT application was filed, UCSD attempted to negotiate a license agreement with LG Life Sciences (LG; the employer of Inventors Min, Choi and Chung, the non-signing inventors) for the subject matter of the PCT Application. On November 18, 2003, LG indicated they would not cooperate with UCSD regarding the PCT application, referenced as SD2002-042-2PCT in Exhibit A (irrelevant portions thereof redacted).

Atty. Dkt. No. SDUC1100J-1
(041673-3109)

Despite this, with respect to the above-referenced application, on or about September 1, 2005, I made an initial attempt to contact Inventors Min, Choi and Chung at their last known business address: LG Biomedical, 3252 Holiday Court, Suite 101, La Jolla, CA 92037. To date, the non-signing inventors have failed to respond.

In view of the lack of response to my initial inquiry, I attempted to email Inventor Chung on September 28, 2005 at his last known business email address (hhjung@mail.lgbmi.com), but I received an automated error message indicating that my message could not be delivered (Exhibit B). The next day I learned that the United States office of their employer, LG Life Sciences, was closed and was given a personal email address for Inventor Chung (Exhibit C). I then emailed inventor Chung who confirmed that the United States office of his employer, LG Life Sciences, was indeed closed; in view of this closure, he suggested that I pursue contact with the inventors through the LG Life Sciences office in Korea (Exhibit D).

I then attempted to contact Inventors Min, Choi and Chung through the Korean office of their employer, LG Life Sciences, via Federal Express. I personally prepared for mailing the package of materials contained in Exhibit E with a cover letter dated October 6, 2005 and addressed to Soo-Hee Yoon, Manager of Business Development, LG Life Sciences, 104-1, Yusong-Ku, Moonji-Dong, Taejon, Korea for signature by Inventors Min, Choi and Chung. The package included the documents for which signatures were sought, i.e., the Declaration, Power of Attorney and Assignment. A copy of the envelope sent to Inventors Min, Choi and Chung c/o Soo-Hee Yoon is provided in Exhibit F. I mailed the envelope with the materials on October 7, 2005, which is indicated on the upper left corner of Exhibit F. The Federal Express tracking No. 852860792923 and tracking information saved in our file is shown in Exhibit F. On October 12, 2005, Federal Express delivered the package. To date, no reply has been received. After this attempt, it was evident that no further value would be added by continuing to pursue the non-signing inventors.

Atty. Dkt. No. SDUC1100J-1
(041673-3109)

I further declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements are made with knowledge that willful false statements and the like so made are punishable by fine or imprisonment or both, under § 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Do you have any contact information for Hyun-Ho Chung? I believe LG is no longer in business. UCSD needs to know if LG should remain as applicant. Thank you.
